	Bid Invitation- FY18-08
	2018 Dump Truck with 9' Steel Body and Pintle Hitch - *or approved equal*
	Bids Due: Monday, January 29, 2018 - 2:00 p.m. (EST)

ADDENDUM 1

RESPONSES TO QUESTIONS ASKED AS OF JANUARY 16, 2018

1. Q: In looking at the bid specifications for the steel dump body, all that is stated is to be delivered to Alfab, Inc. Does this mean only Alfab can bid the body and are you asking only for a chassis price?

   A: Yes, Alfab is the preferred provider for the body. Alfab has the specs requested by the City of Fairmont. Please contact Alfab for pricing. That total is to be included in the bidder's proposal.

2. Q: Does the old service body stay with the trade?

   A: Yes. It is being traded as-is with an Alfab body (shown in bid photos).

3. Q: Will the City accept any other body supplier other than Alfab?

   A: No, the City requests Alfab. The chassis and body are to be bid as one.

5. Q: The warranties on medium and larger trucks cover each component separately. The mileage is in hundreds i.e. 100,000 miles to 750,000 miles. There is no bumper to bumper warranty.

   A: Bidders are asked to strike that portion of the Bid Specification Checklist (Page 5, Warranty) and list or attach vendor's proposed vehicle warranty.

6. Q: There are three rear axle ratings in the spec, items 20 (19,000 GAWR), 22 (20,000 GAWR), and 25 (23,000 GAWR).

   A: The axle should be 23,000 GAWR

7. Q: There will be differences in some of the requested options because the spec is for a different truck manufacturer. If the bidder's specs are equal or exceed the request specifications, will the City accept the differences?

   A: Bidders are asked to make any notations on the bid document or on a separate piece of paper noting any differences between the specs and the bidder's proposed vehicle/equipment. All proposals will be considered.
